EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

IN THE CLAIMS:

Claims 18 and 30 were cancelled without prejudice.

Authorization for this examiner's amendment was given in a telephone interview with Roberte Makowski on 02/27/2009.

The following is an examiner's statement of reasons for allowance: The claims are free of the prior art given the failure of the prior art to teach or reasonably suggest a transgenic expression cassette for expressing two nucleic acid sequences in a cell comprising a regulatory sequence of SEQ ID NO:1 or 2 with bidirectional expression activity, wherein the regulatory element is disposed between the two nucleic acid sequences in such a way that the expression of the two nucleic acid sequences is brought about.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brent Page whose telephone number is (571)-272-5914. The examiner can normally be reached on Monday-Friday 8-5.
